Paige Clayton

[Your Address] [City, State, Zip] [Number]

Objective

Detail-oriented and passionate web developer with a strong foundation in building responsive single-page applications using React. I am seeking to leverage my skills in a challenging role that allows for growth and innovation.

Skills

• Languages: JavaScript (ES6+), HTML5, CSS3, Markdown

• Frameworks: React, Redux, Express.js

• Databases: MongoDB, PostgreSQL

• Tools & Technologies: Git, GitHub, npm, Webpack, RESTful APIs, JSON

• Other: Responsive Design, UI/UX Principles, Agile Methodologies

Experience

Web Developer Intern

XYZ Company, Anytown, USA June 2023 – Present

- Collaborated with a team to develop and maintain a responsive e-commerce web application using React and Redux.
- Implemented user authentication and authorization features using JSON Web Tokens (JWT).
- Assisted in optimizing application performance, achieving a 20% increase in loading speed.

Freelance Web Developer

Self-Employed, Anytown, USA January 2022 – May 2023

- Designed multiple single-page applications for local businesses, improving client visibility and user engagement.
- Created interactive UI components and ensured mobile responsiveness using CSS and Bootstrap.
- Provided ongoing maintenance and support, including bug fixes and feature updates.

Education

Bachelor of Science in Computer Science

Anytown University, Anytown, USA Graduated May 2023

• Relevant Coursework: Web Development, Software Engineering, Database Management, UI/UX Design

Projects

React Portfolio

- Developed a single-page application portfolio to showcase personal projects and skills.
- Implemented navigation and section highlighting for an enhanced user experience.
- Included a contact form with validation to facilitate communication with potential employers.

E-Commerce Web Application

- We have created a fully functional e-commerce website with product listings, a shopping cart, and user authentication.
- Integrated RESTful APIs for backend communication and data management.

Certifications

- React Developer Certification [Certification Authority], 2023
- JavaScript Algorithms and Data Structures FreeCodeCamp, 2022
